

Learning FUN!

Activity

Finished early?
Practice your shapes!

Name that Shape!

Teacher-Made Activity

Keep early finishers engaged and having fun learning about shapes.

You'll Need:

- T10532 Bee Mini Accents
- T10077 Colorful Bouquet Classic Accents®
- Marker, double-sided tape

Directions:

Practice your geometry skills by playing this basic shapes matching game, perfect for students who finish their work early.

- Write the names of basic shapes on Classic Accents®, one per accent.

- Draw basic shapes on Mini Accents, one per accent.
- Match each shape with its name. Once basic shapes are mastered, put more difficult ones into play.
- You'll discover learning fun in all shapes and sizes!

Make It Your Own:

- Describe each shape in a sentence. For example: A circle is a round shape that has no sides or corners.
- Build things, like houses or robots, using different shapes.
- Give examples of shapes you see every day. For example: circle – clocks, cookies, wheels.

Keep the Theme Going:

- T36008 Shapes Fun-to-Know® Puzzles
- T53011 Colors, Shapes, & Numbers Skill Drill Flash Cards
- T23007 Shapes & Colors Pocket Flash Cards
- T6061 Colors & Shapes Bingo
