Scissors, glue or double-sided tape, and cardboard

#### Directions: (20" x 21" Frame)

- For the top and bottom of the frame, layer one yellow and one red 20" border. Glue or tape into place.
- For the sides of the frame, use one blue and one green border cut to 21" long.
- Assemble sides as shown. **Hint:** The frame will be sturdier if mounted to cardboard with the center cut out. Glue or tape the cardboard to the back of your frame.
- Use the Ready Letters® to spell out "1st Day of School!" on your frame.
- Decorate with accents.
- Snap photos of each student as they arrive on the first day of school. Showcase these photos around the classroom, use them in your Parent Night Presentation, or give them to kids as a keepsake.

#### Make It Your Own:

Use our Owl-Stars!® products and other accents, borders, trimmers, or art supplies you might have.
