

Learning FUN!

Activity

Launch imaginations into the future!

Pixel Robots

Teacher-Directed Activity

Build a robot as unique and awesome as you are!

You'll Need:

T85341 BlockStars!™ Bolder Borders®

T85342 Pixels Bolder Borders®

T85302 Red Bolder Borders®

Double-sided tape, paper tubes, scissors, and leftover trimmer and border scraps

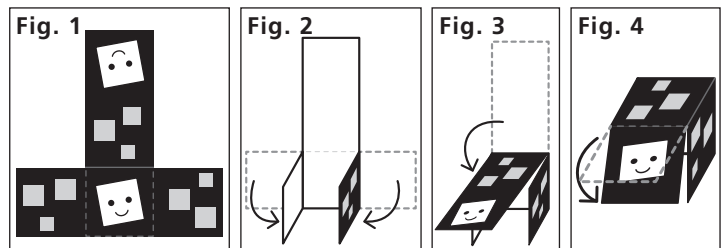

Body Directions:

Imagine you're designing a robot for the future. What service does it provide the world?

- **Hint:** Bring paper tubes from home. Wrap borders around tubes for body and legs.
- Cut strips of borders for arms, folding them accordion style for a different look.
- Cut slits in legs and body to attach body and arms as shown. Cut scraps into small squares for hands, taping them to arms.

Head Directions:

- Cut two 8" long pieces from BlockStars!™ Bolder Borders® for the head. Tape together as shown in Fig. 1 with face at bottom. Follow Fig. 2-4 to complete the head.

- Place the finished box, face front, on the body bobblehead style.
- Watch eyes light up when all robots come out to play!

Make It Your Own:

Add to your community of robots using all the faces on the BlockStars!™ Bolder Borders®.
