- With the printed side down, fold according to diagram.

- Tape a variety of pockets to the inside bottom fold area. **Hint:** See the photo for pocket placement.
- Attach a birthday accent to the bottom flap, extending it 1 1/2" above the edge as shown.
- Write cheerful birthday messages on index cards and place them inside the pockets. Then "seal" the envelope by tucking the top flap under the accent.
- Watch faces light up as friends are surprised on their special day!
