Directions:

Let the celebration begin with an owl-some cake and big whooo hoo!

- Select two boxes for your cake. Top box needs to open so stickers and surprises can be placed inside. Cover boxes with trimmers and borders.
- Write birthday names on labels from the bulletin board set. Cut slits in the cake's sides to insert labels.
- Cut a piece of foam core that measures 2¾" wider than your bottom box. Attach boxes together, center on foam core, and hot glue in place.
- Attach a border to the edges of the foam core. Use letters for "Happy Birthday." Continue to decorate your cake using stickers and accents.
- Light up the room with smiles for this owl-inspired birthday cake with all the trimmings.

Make It Your Own:

Create and decorate party hats using leftover "ingredients" from the cake.
