

★ Featured Display

Subjects: Social Studies and Language Arts

Learning Objectives: Promote positive interaction and reinforce the importance of good manners.

Display the monkeys from this set.

Open a discussion about how good manners can be shown through our actions and words. Volunteers act out scenes showing good manners, like opening a door or a proper greeting, and use polite phrases in the scene.

Carry on with various situations so that everyone sees many ways to show good manners. Together, choose words or phrases related to good behavior and write one on each Speech Balloon to add to the display.

Challenge students to use many good-manner words, phrases, and actions throughout a whole day. Everyone thinks of their favorite moment and draws it on Terrific Papers®, remembering to include their own speech bubble with the polite words or phrases used. Next, take turns telling stories and sharing drawings. Post the pictures as a reminder that manners matter!
