

Learning FUN! Activity

Make traditional communication more playful with nifty cat notes. No matter the content of the note, it's all the more fun and memorable when shaped like a favorite pet. Use them for notes home to parents and awards for students.

Notes with Cat-i-tude!

You'll Need:

T-11419 Paw Prints Terrific Papers™
Markers.

Directions:

Cut a 4¼" square from the corner of a piece of Terrific Papers™ and fold in half diagonally. Write your note on one of the blank sides. Place the note side face down in front of you, with the point of the triangle facing downwards. Fold each side corner in and up, towards the center of the shape. Crease the fold, unfold, and use your finger to open up the small triangles. The ears should look like cat ears and show off the paw print pattern inside. With markers, draw a kitty face on the white space between its ears.
