

Learning FUN!

Activity

A fun, engaging way to learn evens and odds!

Dino Bone Hunt

Teacher-Made Activity

On this dino dig, you and your kids discover even and odd numbers ... and a whole lot of bone-shaking fun!

You'll Need:

- T77022** Reptile Green *Terrific Pockets™*
- T77306** Red *Terrific Pockets™*
- T46339** Labels *superShapes Stickers – Large*
- T10601** Dog Bones *Classic Accents® Variety Pack*
Marker

Directions:

- Write “odd” and “even” on two separate labels and place on different-colored pockets.
- Write odd numbers up to 9 and even numbers up to 10 on the different-colored accents.
- Mix all the bones together and have kids place the odd and even numbered bones into the correct pockets.

Make It Your Own:

Change up the game! Replace the odd and even labels on the pockets with uppercase and lowercase, consonants and vowels, positive and negative numbers, anything you like.

Have kids make their very own pockets of cards to practice with family and friends.
