

# Learning FUN! Activity

Bring a big splash of fun into your classroom! This cool bowl – accented with our colorful, captivating fish – provides a wonderful way for children to learn about how these animals live and breathe. Expand their vocabulary by exploring basic words associated with fish – fins, gills, tail, and eyes. Send your children on a fishing expedition, asking them to pick and name their favorites. Go fish!

## Forever Fishbowl

### You'll Need:

**T-80005** Blue Water Terrific Trimmers®

**T-10822** Fish Mini Accents Variety Pack

Jar, clear tape, blue tissue paper, and two chenille stems.

### Directions:

Cut 2 strips of Blue Water Terrific Trimmers® to fit around the inside of the jar. Tape strips back-to-back and place inside the jar, securing them with clear tape. Depending on the jar size, cut chenille stems to different lengths (for example, one at 5" and the other at 7"). This gives the illusion of fish swimming at different depths in the water. Pick the Fish Mini Accents you want to use, and tape each to the top of a chenille stem. Bend the opposite ends of the stems slightly, and tape them in scattered places at the bottom of the jar. Put blue tissue paper inside the jar to anchor the fish and continue the illusion of water.
