

Learning FUN!

Activity

Even and odd practice with banan-appeal!

Odd and Even

Teacher-Made Activity
Make even and odd concepts stick with this playful, hands-on sorting activity!

You'll Need:

- T10640** Monkey Mischief® Hats
Classic Accents® Variety Pack
 - T10069** Linking Bananas *Classic Accents®*
 - T46192** Merry Monkeys *superSpots® Stickers*
- Marker and double-sided tape

Directions:

Monkeys love bananas, but these two are picky eaters. Choose a banana, count the stickers, and decide which monkey gets the snack.

- Write “odd” and “even” on two separate Monkey Mischief® Hats Classic Accents®.
- Label bananas with stickers from 1 to 10.
- Place bananas sticker side down and mix them around.
- Start the timer and let the fun begin!
- Students take turns choosing a banana and placing it in the correct pile.

For a fun and active twist, hide the bananas around the room so children can hunt for evens and odds. Perfect for math centers, independent practice, or team activities!

Make It Your Own:

Choose two bananas, add the number of stickers shown, and tell whether the sum is even or odd!
