build confidence,
and spark smiles!

Roar with Pride Banner

Teacher-Directed Activity
Inspire roars of pride with a dino-mite banner the entire class creates.

You'll Need:

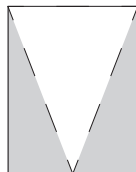

T10623 Praise Words
Classic Accents® Variety Pack

T10991 Dino-Mite Pals™
Classic Accents® Variety Pack

Scissors, clothespins, rope, glue, and 8½" x 11" multicolored construction paper

Directions:

- Everyone adds their own special piece to this banner by picking their praise accent, dinosaur accent, and triangle color. **Hint:** Have all supplies in a central location for children to choose from.
- Using the diagram shown here, demonstrate how to cut a triangle from colored paper. Have the children cut their own.

- The fun begins when kids personalize their triangles with a praise accent they glue on.
- All triangles are attached to the rope using a clothespin that has been decorated with a dinosaur accent.
- Display your class banner to keep kids excited and energized throughout the year.
- **Hint:** Create a two-sided banner for twice the praise! Glue a praise accent to the back of each triangle. Glue the matching left- or right-facing Dino-Mite Pals™ accent to the other side of the clothespin.

Make It Your Own:

Instead of praise accents, use blank accents with student-created messages to make a banner for special occasions, including birthdays, the first day of school, and Parent Night.
