Markers and double-sided tape

Directions:

Nouns and verbs fly together to make soaring sentences in this fun activity!

- Brainstorm an equal number of nouns and verbs as a class. Then fold each index card in half and add a noun or verb.
- Cut a foot-long piece of fence and fold at the sides so it stands up.
- Label two birds "Noun" and "Verb" and tape them to perch on the fence.
- Students take turns building sentences. Prepare for laughs as children come up with sentences like "birds bake" or "pigs fly."

Make It Your Own:

Add adjectives or different parts of speech to the mix! Form a sentence and write a short story to go with it.
