

Learning FUN! Display

★ Featured Display: All About 100

Learning to count to 100 is a big job... count on our Happy Hound to make it fun. Invite students to choose a name for their new math mascot and write it above the doghouse door. Sort the numbered dog bones by tens in color-coded dishes. Each day, add a bone to the doghouse wall as you count from 1 to 100. Encourage creative thinking by welcoming student answers to the question, "I wish I had 100..." Add these to the display on name plates and see how much fun it is to count to 100!
