

Learning FUN! Display

★ Featured Display: Watch Our Reading Garden Grow

Spring into reading every day! You'll nurture a love of books by inspiring students to reach reading goals and earn recognition. Eager readers write their names and reading goals on Star Medals accents. Students track their reading achievements by attaching one accent to the fence for each book read. Reward success by inviting students to open the gate and choose from the bookmarks you've hidden inside! Enhance the display with student art inspired by their favorite books.
