

Learning FUN! Display

★ Featured Display: Our Colorful World

A kaleidoscope of learning fun! Encourage creative thinking as you introduce colors with this vibrant bulletin board display. Use Ready Letters® to write two color names and surround them with the color cat and color name pieces from this set. Post matching Paw Prints Classic Accents® beneath each color name. Invite students to think of things of each color, write these on the accents, and add them to the display. Learning colors is a purr-fectly beautiful thing!
