### WHAT NUMBER COMES NEXT?

15    17    18    20    21    22    24

fifteen    sixteen    seventeen    eighteen    nineteen    twenty    twenty-one    twenty-two    twenty-three    twenty-four    twenty-five

Aligns with Learning Standards

- ★ Featured Display**
- When it comes to teaching numbers, you can count on our sock monkeys to make it tons of fun.
- Match Numbers to Names**
- Display monkey with numbered hats 1-10 as shown.
  - Ask students to match the numbered word from the set to the corresponding numbered hat. (Hook-and-loop tape is used to adhere numbered words.)
- Fill in the Numbers**
- Line up numbered hats in a row and in a circle, inviting students to fill in the blanks with the numbers that come next in each sequence.
- Show All About 10**
- Use an Index Card Wipe-Off® Chart to illustrate different ways to show numbers. In this case, it's all about the number 10.
  - Ask students to make or draw a character from the shape of their favorite number using construction paper. Some of their drawings will knock your socks off!
