

★ Featured Display

Months and seasons and weather, oh my! This OWL-standing calendar set puts it all into perspective.

For this display, our focus is on April:

- Display the pieces in the set as shown.
- Create a display pocket that holds fun facts about April.
- Draw (or have a student draw) a fun fact from the pocket each day, read it, and open it up for class discussion.
- Discuss fun facts like, "April begins with a day of fun and jokes - April Fools' Day" and "April comes from the Latin word *aperire*, which means *to open*."

Feature a similar display for each month. Add cards with fun facts about the seasons or the weather for discussion and to enhance learning fun.
