

Furry Friends™ Let's Read T-8738

★ Featured Display: Favorite Books

Spark a love for reading with this lively and colorful display. In your display space, place the header piece in the center and surround it with the remaining set pieces. Tell students that each of these pieces encourages reading by showcasing a different way that reading helps you learn. Each day or week, focus on a specific piece, such as "Explore Places." Research age-appropriate books for that theme, and write the titles on note pad sheets. Add these sheets to the display. If you'd like, use long pieces of yarn to connect each book title to its matching set piece. Depending on the age of your students, you may choose to read each book aloud, set the books on a table near the display, or take the class to the library to find the books themselves. Kids will have fun learning about new books and sharing with each other!

★ You'll need
