Learning  
Standards

### ★ Featured Display

Students will have a hoot playing this exciting game ... it's OWL about math!

- Display the set as shown, making it into a game.
- Create excitement by writing inspiring phrases on owl, branch, and firefly.
- Use flash cards for the math problems and cover each card with a Year 'Round Houses accent.
- Student "opens" the house to answer the problem on the flash card. If answered correctly, the team earns the points displayed on the owl house.

The team with the most points at the end of the week wins.
